UVA ITS | Our Strategic Plan

Information Technology Services as a Strategic Partner

Our People
Be the desired place where people want to work and thrive.

Operational Excellence
Be good stewards of ITS resources, maximize efficiencies, and provide operational excellence.

Research Preeminence
Advance the University's strategy for research preeminence.

Security & Compliance
Create a university-side culture of shared responsibility and accountability for information security and compliance.

Communicate & Engage
Continually communicate and engage with the University community.
